Security Management Policy

Visakha Container Terminal Pvt. Ltd. is committed to comply with requirements and continually improve the effectiveness of its Supply Chain Security Management System by:

❖ Establishing effective physical security controls in order to protect the lives of all its employees and the stake holders and assets within the Terminal premises.

❖ Identifying and evaluating all security risks and establishing controls to manage and reduce any quantified risk to an acceptable level to avoid or minimise any adverse security impact on its business.

❖ Improving & enhancing the company's incident management, business continuity and resilience capabilities at all levels.

❖ Complying with all applicable statutory and regulatory security requirements directly and/ or in coordination with concerned stake holders.

❖ Recording and communicating with security performance throughout the organization.

❖ Continual improvement of security performance and processes through regular audit and review of the security management system.

❖ Promoting security awareness amongst all employees through internal training & drills relevant to specific security objectives.

❖ Senior management visibly upholding the principles of this policy and integrate them throughout VCT.
